Integrity And Strong Patriotism Were The Secrets Of Success—Birthday Of Nation's First President Almost Complete Holiday At National Capital—Observed At Other Places.

(Associated Press Telegram)
Washington, Feb. 22.—Every agency of the American government paused today to pay homage to the memory of George Washington, in the capital which bears his name. President Wilson, Secretary Lansing, Ambassador Jusserand, and other national figures gathered at a celebration at Continental Memorial Hall under the auspices of the associated patriotic societies. Both houses of congress opened business, while Senator Johnson of Maine, and Representative Baker of California, read General Washington's farewell address, with its poignant phrases warning against "insidious wiles of foreign influence," "mischiefs of foreign intrigues," and "the impostures of pretended patriotism."

The farewell address has been read in congress every year for generations but probably never before were Washington's words so closely applied to present-day conditions.

At Mt. Vernon on the Potomac, wreaths and flowers were laid on the first president's tomb, many made pilgrimages to the mansion and reverently passed through the rooms where he lived and died, and others visited his monument which towers from the Mall here.

Tiffin, O., Feb. 22.—George Washington had a multitude of political troubles and was the object of severe criticism by newspapers and other leaders. Gov. Willis reminded students of Heidelberg University in an address here today. The governor recalled that despite the ultimate triumph of the first president, he was the intended victim of the "Conway Cabal," which sought to discredit him as a leader during the winter of 1793. Valley Forge, and that he was attacked bitterly after his election as president by a newspaper controlled by Thomas Jefferson.

Washington's success was due to his integrity, good judgment and sterling patriotism," said Gov. Willis. "The people never lost sight of these qualities and their unbounded faith sustained him at every stage of his career. It would be a mistake to suppose that success always immediately attended his efforts and that his way to fame was always strewn with roses. In the long struggle for independence heavy tasks were laid upon his shoulders to organize raw levies of his countrymen, unite in unbroken front those from different sections of the country and satisfy the demands for clothing, military equipment and pay just and continuous demand."

Governor Willis cited the military actions at Princeton, Trenton and Yorktown to illustrate that Washington did not win pitched battles, but explained: "These facts do not diminish Washington. He was perhaps the only man in America who could have guided the course of the (Continued on Page 10, Col. 3.)

Prosecutor Satisfied Hosey Girl Was Not Murdered by Mowery, Who Is Under Arrest

(Associated Press Telegram)
Portsmouth, O., Feb. 22.—When Morrell Keller, cousin by marriage of Estelle Hosey withdrew an affidavit charging second degree murder, Frank Mowery, Cleveland young man arrested last Friday night was released from the county jail today. He went at once to the home of his parents in Ironton.

(Associated Press Telegram)
Portsmouth, O., Feb. 22.—"I am satisfied Frank Mowery did not kill Estelle Hosey. I think a mistake was made when he was arrested on a charge of murder."

This statement was made here today by prosecuting attorney Joseph T. Micklethwait, who at the same time recommended to the county commissioners that they offer a reward of \$500 for the capture of the man who did strangle the girl to death and then threw her body into Millbrook Park lake, where it was found Feb. 10.

Authorities today were sticking to the theory that the girl was murdered Sunday, January 30, soon after she left Mowery at the railroad sta-

tion at South Portsmouth, after having been in his company since Saturday, when he came from Cleveland to see her.

"The fact can unquestionably establish the fact that he left the girl at the depot he will have entirely cleared himself," said the prosecutor today. Mowery says he will easily fulfill the prosecutor's requirements. Prosecutor Micklethwait planned today to have the lake dragged in an effort to find the missing hat which the girl wore when she was last seen. Sheriff W. E. Smith said today that he had established the fact that Mowery and the Hosey girl spent Saturday night, January 29, at a hotel here. Mowery refused absolutely to say where he spent that night or whether or not he was in the girl's company.

TOLEDO MAN APPOINTED.
Columbus, Feb. 22.—The state industrial commission today announced the appointment of Arthur Slaco of Toledo, district deputy examiner of engineers, at a salary of \$1,500. The appointment was made from civil service lists.

BULGARIA APOLOGIZES TO GREEK GOVERNMENT.

Athens, Feb. 21, via Paris, Feb. 22.—The Bulgarian government has made apologies to the Greek government for the arrest of a diplomatic messenger and the seizure of legation documents while the messenger was on his way from Constantinople to Athens.

CHINESE REBELS PUT TO DEATH FOR ATTACKING PALACE

(Associated Press Telegram)
Peking, Feb. 22.—Rebels made an attack yesterday on the governors' mansion at Chang-Sha, capital of the province of Hu-Nan. They were repulsed and captured. The leaders were put to death.

The province of Hu-Nan, is in southern China. This is the first indication that the revolutionary movement, begun several weeks ago ostensibly to prevent restoration of the monarchy in China, has spread to this province. Disorders have been reported previously in the Szechuen, Kwei-Chow and Kwang Tung.

In a statement to the Associated Press last week, President Yuan Shi Kai described the encounters with the rebels as skirmishes and said the malcontents would be suppressed without difficulty.

Souls of Those Opposed to Preparedness Commended to God's Mercy

CALLED OUR NATION'S PARASITES

By Former American Ambassador To Germany

IN A STINGING ADDRESS

Before Meeting Of The National Committee Of The American Defense Society Which Is Meeting In New York To Review Work Of Congress For National Defense.

(Associated Press Telegram)
New York, Feb. 22.—More than 100 members of the National committee of the American Defense Society, representing all section of the country met here today to consider problems of preparedness and particularly how far the present congress has fulfilled demands for an increase of the army and navy. The program called for three sessions the first of which was devoted to a discussion of military education. Dr. C. W. Crampton physical director of the New York public schools presided at this session. Dr. Crampton who has conducted a country wide investigation of the physical fitness of boys for military service prepared for submission to the committee a report showing that not more than one-fifth of the boys of the United States are properly prepared physically.

Dr. David Jayne Hill, of Rochester, N. Y., formerly American ambassador to Germany, presided at a luncheon where representative Fred A. Britten of Illinois, member of the house committee of naval affairs was a speaker. The society announced that Mr. Britten was expected to make public the attitude of the naval affairs committee toward the administration of the navy department and that Mr. Britten had consented to speak after obtaining copies of the correspondence between the society and secretary Daniels regarding the society's unsuccessful efforts to have Rear Admiral Bradley A. Fiske address the committee.

The committee to universal obligatory military service in the United States declared Jayne Hill today, proceeds from sheer ignorance of the facts of the law.

"It is not true that universal obligatory military service is an innovation," said Dr. Hill. "On the contrary it is distinctly provided for in the eighth section of the first article on the federal constitution."

"Under the laws of 1903 and 1908, now in force, all the able-bodied male citizens between 18 and 45 years of age, are declared to be citizens of militia and liable for service."

"Enlistment in the national guard is entirely voluntary. All other male citizens of military age are in the reserve and liable to be called at any time for training or for service. Those eligible for military training at the present time number about fifteen million."

"Such list of eligibles is in no sense an army, especially in the modern sense of the word. But it is good and abundant material. What it requires to make it serviceable, is training under federal direction. It must, first of all, be a national army in the true sense, not a mere collection of state contingents."

Speaking of persons who are opposed to preparedness, Dr. Hill said, "they think our weakness is not an exposure but a security. They have a sublime and abiding confidence in the goodness, purity, and righteousness of all the over-armed nations of the earth on land and sea."

"But regarding the people of the United States, it would be positively dangerous to say, if we were strong, we should be so arrogant, so fiery, so selfish, so unjust, and so ambitious that we should be engaged in wars of conquest. And so they try to seduce our young men to the treasonable act of solemnly pledging themselves never to take part in any war, even though it be in defense of our soil against an invading army."

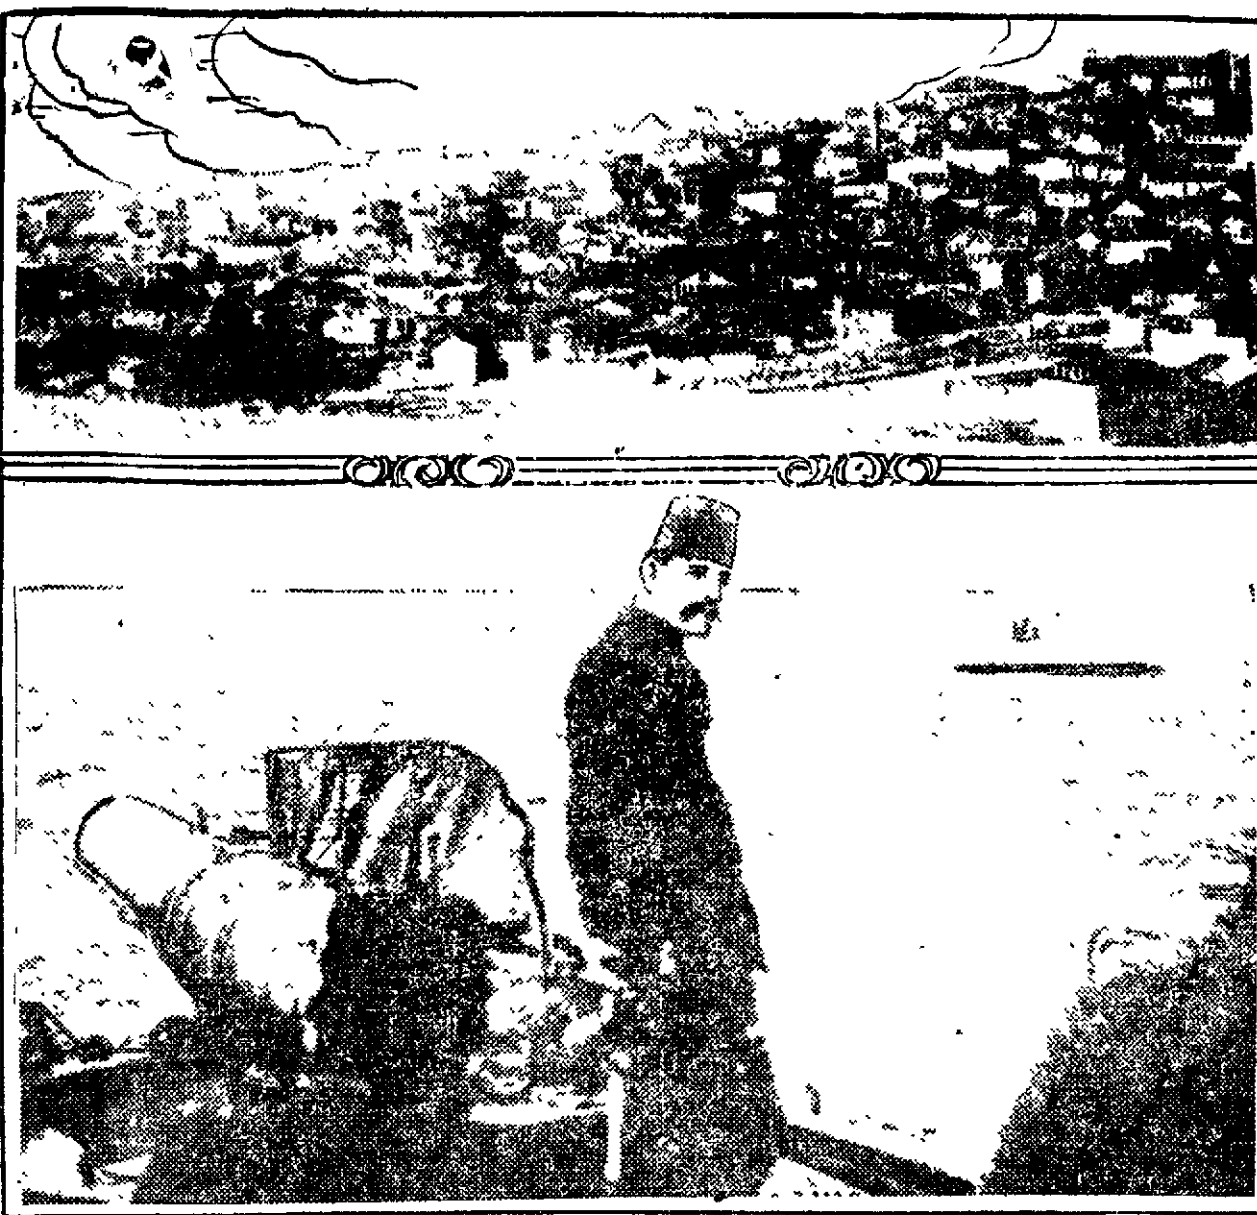

"I do not know what to say of such people, except God have mercy on their craven souls. The nation has no need of them for they are not of it. They are only parasites upon it."

FIRE DAMAGES BRITISH VESSEL; ORIGIN UNKNOWN

(Associated Press Telegram)
St. Johns, N.B., Feb. 22.—The British steamer Arracan, loaded and in the outer harbor ready to sail was damaged by fire of undetermined origin early today. When the flames were first discovered in the refrigerator plant, the Arracan called for aid and vessels with men and apparatus were rushed to her assistance.

Two hours later it was stated that the fire was under control.

RUSSIANS DRIVING TOWARD TREBIZOND ON THE BLACK SEA

View of Trebizond; Turkish submarine in the Black Sea convoyed by Turk torpedo boat.

Following the capture of Erzerum, the Russians, encouraged by their success there, have been making a concentrated drive toward the important city of Trebizond, the possession of which would give the Russians another strategic port on the Black Sea. The Turks are using Trebizond as a naval base for submarine warfare.

Germany Soon Will Give Assurance That Unresisting Liners Are Not to Be Attacked Without Being Warned

(Associated Press Telegram)
Washington, Feb. 22.—Confidential advice from Berlin today indicate that Germany soon will inform the United States that her previous assurance that unresisting liners will not be attacked without warning held good for future submarine operations, provided, however, that such liners do not carry armament.

The German government will contend the advice state, that what now is characterized as defensive armament, really is offensive armament when submarines are concerned and will propose discussion with the United States of what defensive armament properly may be.

As none of the British and French liners now clearing from American ports carry any guns whatever, such assurances from Germany will be in the nature of reassurances for the safety for the neutrals they carry, even under the terms of the new submarine campaign.

Last night's conference between President Wilson, Senator Stone and Representative Flood, chairman of the congressional committee dealing with foreign affairs and Senator Kern, the Democratic floor leader was said authoritative, today to have been held in order that the president might inform the congressional leaders on the status of the negotiations with Germany over submarine warfare.

Senator Stone, it was said, asked to see the president to learn what the facts in the negotiations really were. The president thought Senator Kern and Representative Flood should have the same information and asked them to be present.

The president told the three leaders that while the foreign situation was grave, it was not critical at the present time. It is understood that he said the United States would remain firm in its position that merchantmen have a right to arm for defensive purposes.

Secretary Lansing discussed the situation further with the president this morning, but said he had no information today regarding the German situation.

The tentative house bill not only virtually grants the program mapped out by former secretary Garrison, but goes farther in providing for reserve military supplies.

Action on Senator Robinson's resolution calling for congressional investigation into the army aviation service rested today with the senate. An inquiry was recommended by the senate military affairs committee which reported the resolution favorably late yesterday after Senator Robinson had submitted further evidence in support of his sensational charges of general inefficiency on the part of the aviation service of the army.

The resolution provides for an investigation by a special committee composed of two senators and three representatives and appropriates \$10,000 for that purpose.

Discussion of foreign affairs on the floor of the senate by administration senators was avoided with unusual interest today following last night's conference between President Wilson and Chairman Stone and Flood of the senate and house foreign affairs committees, Majority Leader Kern, of the senate.

The conference was held at the instance of Senator Stone who is to address the senate later in the week on the admittedly grave situation resulting from the announced intention of the Central powers to sink, after February 29, all armed merchant ships of the enemy.

While all the participants in the meeting declined to talk, it was understood that it had to do with Senator Stone's speech in which he is to discuss from the administration's viewpoint the recent negotiations over submarine warfare. Administration leaders object particularly to reports that the United States changed its position toward the arming of merchantmen for defensive purposes when the Lusitania case apparently was virtually settled.

STILL FOLLOW CLUES IN THE MURDER CASE

Chief of Police James Sheridan, Coroner W. L. Jackson and Patrolmen James Gorman and Edward Hurlbaugh visited the Shackelford home Monday afternoon and searched the house for additional evidence on which to base their search for the slayer.

The condition of the house was such that after an hour's search the party decided to abandon their investigation, as they were unable to gain any new facts. Dr. Jackson while searching through a packet of papers, found forty-five cents, but this was the extent of the money uncovered by the officers.

Patrolman Gorman who was one of the first to enter the Shackelford home Saturday afternoon, explained to the coroner the positions of the bodies, when they were found. The

was here that the murderer struck her down. Then in the scuffle which followed the top of a heavy box in the room was torn off and this placed under the woman's head, while the man continued to rain blow after blow upon her.

The key to the house will be turned over to the administrator of Mrs. Shackelford's estate by Coroner Jackson, as soon as an appointment is made.

The police department this afternoon claimed to have no new clues regarding the present hiding place of Stimson Shackelford, who, it is believed, left the city Friday morning. Clues investigated Monday by the officers developed no new facts, according to Police Chief Sheridan.

The county commissioners still have under consideration the advisability of offering a reward for Shackelford's arrest.

You'll Get Rid Of Blackheads Sure

There is one simple, safe and sure way to get rid of blackheads and that is to dissolve them. To do this get about two ounces of plain powdered norexin from any drug store and sprinkle a little on a hot wet sponge—rub over the blackheads briskly—wash the parts and you will be surprised how the blackheads have disappeared. The blackheads, little blackheads, no matter where they are, simply dissolve and disappear, leaving the parts without any mark whatever. Blackheads are simply a mixture of dust and dirt secretions from the body that form in the pores of the skin. Phoning and squeezing only cause irritation, make large pores, and do not get the blackheads out after they become hard. The powdered norexin and the water simply dissolve the blackheads so they wash right out, leaving the pores free and clean and in their natural condition. Anyone troubled with these unsightly blemishes should certainly try this simple method.

CONTINUE SEARCH FOR JEAN CRONES

(ASSOCIATED PRESS TELEGRAM)
Chicago, Feb. 22.—Police search for Jean Crones, suspected poisoner of the guests at the recent banquet in honor of Archbishop Mundelein, continued today, much of the activity being investigations of anonymous letters and messages purporting to reveal the whereabouts of the suspected man.

Acting on information received by the state's attorney here, Milwaukee police began search on the hotel and rooming houses near a railroad station where former friends of Crones were said to live.

Damage Suit Filed.

Ella Gray, Tuesday through her attorney, James F. Lingafelter, filed suit in common pleas court against Anna Handel for \$10,000. She alleges that her reputation has suffered the extent of the above named amount on account of malicious and wicked statements made against her by the defendant. Also that the defendant said false scandalous, malicious and defamatory words against the plaintiff.

TO OVERCOME WINTER COMPLEXION TROUBLES

If the chill air makes your skin to dry and if the cold winds make it cracked, before you go to bed spread a thin layer of ordinary merolized wax on your entire face. Before next morning your skin will be moist and healthy. The wax gently absorbs the dead particles of surface skin so gradually there is no burning or itching. It is under the wax to breathe and to show itself in a week or so the new and younger skin will be in evidence and you have a really matchless complexion. Naturally all its defects disappear with the discarded scales as chaps, roughness, blotches, pimples, freckles, burn marks, tan and sunburn disappear. It is so profitable at this drugstore, it is enough to renovate even the worst complexion.

Wrinkled neck better you no more if you use this simple face wash. Powdered salicylic, 1 oz., dissolved in witch hazel, 12 pt. Just one application will affect even the deepest lines.

The Special Reductions Still Hold Good

On Stewart Bros.-Alward Co. Better Furniture

Even though market prices are steadily advancing, make the most of this big sale before your opportunity slips by

The National Association of Furniture Manufacturers at a special meeting last week in Grand Rapids in view of the increase of 15 to 300 per cent in manufacturing costs, found it necessary to recommend an immediate general advance in wholesale selling prices to meet the additional cost of production.

Notices of advanced prices have already been received from many factories. Other similar advices are coming almost daily. It is certain that good furniture cannot again be sold at past quotations. Therefore it is quickly apparent to anyone that the SAVINGS now offered, while this special sale still continues, are not to be duplicated. Meet every furniture requirement you possibly can, NOW, at Stewart Brothers-Alward Co.

New Gas Rate Not Fixed; Council Wants More Information; Police Ordinance Was Not Discussed

A new gas rate in Newark was not fixed at last night's meeting of the city council. A resolution offered by Mr. Adams instructing City Solicitor Norpell and attorneys associated with him in the case to make further investigation before the new rate is fixed was adopted. Council Shriver's ordinance fixing the rate at 28, 30 and 32 cents for the next seven years, was given one reading but no effort was made to secure its passage or suspension of rules.

Before the meeting council in caucus heard statements from a committee of the Trades and Labor Assembly in which the labor people of the city opposed a higher rate than 27 cents.

The gas rate proposition, with the peculiar turn of events in the movement to reduce the police force, constituted the most interesting features of the meeting.

When the police ordinances were given their second reading Councilman S. H. Beadle, who was absent when the measures were introduced, moved the suspension of rules and the passage of the bills.

His motion was lost when those members who supported a similar motion at the last meeting, Messrs. Adams, Curry, Hayes, Knauber, and Alexander voted no last night on suspension while Messrs. Seward, Shriver, Stasel and Beadle voted yes. The measures will get a third reading at the next meeting of council, March 6th.

Council members were in caucus until 8:20 when the body went into formal session. A committee from the Trades and Labor Assembly consulted with council regarding the proposed new rate contract with the Newark Natural Gas and Fuel company, recommending a rate not higher than 25 cents.

All members answered to roll call, S. H. Beadle of the First ward being present for the first time since the first meeting. Auditor Dodd, Treasurer Fry, Service Director Christian and Safety Director Dibebe were present.

Mayor Bigbee reported the appointment of Owen G. Barnes as trustee of the Public Library to succeed C. W. Montgomery, resigned. The appointment was confirmed on several matters. He recommended that the council give an estimate of cost of the proposed widening of South Williams street; recommend-

ed the acceptance of the plan for the sewer in Franklin Addition and of the plat of the Bougher & McGruder tract.

The finance committee recommended that \$8,300 worth of bonds for which bids were opened Friday, be awarded to Spitzer & Co. of Toledo on their bid of a premium of \$5,041.60 on the entire issue.

Auditor Dodd submitted to council a financial statement of the city for the year 1915.

To the Honorable Council of the City of Newark, Ohio.

Gentlemen:

I beg to submit herewith a statement of the financial transactions of the City for the year beginning January 1st, 1915, and ending December 31st, 1915. This statement is an exhibit of the receipts and expenditures divided into "Ordinary" and "Extraordinary" and arranged by Departments and Divisions which are grouped according to their functions. By the term "Extraordinary" is meant all cash transactions of three different classes, viz:

(ASSOCIATED PRESS TELEGRAM)
El Paso, Tex., Feb. 22.—Cut off
and menaced by a strong force of
Villa followers, the de facto govern-
ment's garrison at Guerrero, Western
Chihuahua, has sent an urgent ap-
peal to the Carranza commander at
Madera for assistance.

"We are cut off from other help
but intend to resist to the last," was
the message sent to General Bertani
at Madera and received in Juarez
early today.

Guerrero is thirty miles west of
the line of the northwestern rail-
way and directly west of Madera.
The strength of the garrison is un-
known here.

Passengers who reached Juarez

Burning of Laundry at Massillon
Hospital Calls Forth Statement
from C. C. Philbrick.

(ASSOCIATED PRESS TELEGRAM)
Columbus, O., Feb. 22.—Burning
of the laundry building at the Mas-
sillon state hospital Sunday night
revived talk today of the advisability
of the state's maintaining insurance
on its property. It is considered
"against public policy" for the state,
counties, cities, townships, boards of
education or other subdivisions to in-
sure their buildings against damage
by fire or other means. As a result
only a few public structures in the
state are protected by insurance po-
licies.

"This system is wrong," said C. C.
Philbrick, member of the Board of
Administration today. The state
should make appropriations to pay
the premium on insurance policies for
all its buildings, ranging from the
state house to the coal shed on some
state institution grounds. Even
though the burden of applying such
losses is distributed among the peo-
ple of the whole state, there are al-
ways delays and inconveniences ac-
casioned by fire. "I think there
should be no objection to a policy
of insuring all our state property."

The board of administration will
ask the board of emergency appropria-
tions at its next meeting for
\$25,000 to rebuild the laundry at the
Massillon state hospital.

The message which was authorized

SOCIALIST
PROPOSITION FOR A SIMULTAN-
EOUS AGITATION FOR
PEACE SUBMITTED

To Dutch Parliament Arouses Much
Interest, but Leaders Fear Plan
Is Not Possible.

(ASSOCIATED PRESS TELEGRAM)
The Hague, Via London, Feb. 23.
—The proposal of the American So-
cialist party for simultaneous agita-
tion for peace, which was cabled re-
cently to Henry H. Van Kol, social-
ist leader in the upper chamber of
the Dutch parliament, is rousing con-
siderable interest here. Camille
Huysmans, secretary of the interna-
tional socialist congress said today
concerning the proposal:

"I would regard it as a victory for
socialist ideas if the neutral govern-
ments would associate themselves
with this formula, for peace, which
is based on resolutions of the inter-
national socialist congress. Such a
victory would be complete if the
belligerent governments would offi-
cially accept this solution without
ulterior motives. I fear, however,
that in the absence of a satisfactory
declaration by the belligerents the
present initiative would still be
blocked by a prejudice so great as
possibly to impede later mediation."

**TONG WAR ON
AT PORTLAND**

(ASSOCIATED PRESS TELEGRAM)
Portland, Ore., Feb. 22.—The po-
lice department is keeping a close
watch on Chinatown today following
the renewal yesterday of a Tong war
between the Hop Sings and Bing
Kongs, in which one Chinaman was
shot and seriously wounded.

The Hop Sings apparently went
into retirement last night and no dis-
order had been reported early in the
day.

APPREHENSION FELT.
(ASSOCIATED PRESS TELEGRAM)
San Francisco, Feb. 22.—News of
the renewal of the Tong war in Por-
tland, Ore., caused much apprehen-
sion today in San Francisco's China-
town.

San Francisco members of the
Bing Kong and Hop Sing Tong met
last week and signed a truce. Since
then, however, the Bing Kong mem-
bers have kept off the streets of
Chinatown and this was taken to
mean that the good faith of the Hop
Sings was questioned.

**ONE SURVIVOR
WHEN STEAMER IS
SENT TO BOTTOM**

(ASSOCIATED PRESS TELEGRAM)
London, Feb. 22.—Sinking of the
British steamship Dingle is reported
by Lloyds. There probably is only
one survivor. No details have been
received.

The Dingle, 593 tons gross and
170 feet long was built in 1904, and
owned by the West Lancashire
Steamship Co. of Liverpool.

**NO DANGER OF
LINCOLN BEING
SHOT AS A SPY**

(ASSOCIATED PRESS TELEGRAM)
New York, Feb. 22.—Charles Fox
counsel to the British consulate
general here, asserted today that
Ignatius T. T. Lincoln, who calls
himself an international spy cannot
be put on trial as a spy in England
if he is extradited to that country.
Mr. Fox said there is no ground for
Lincoln's declaration that if he is
sent to England to answer a charge
of forgery he can be executed there
as a spy.

The lawyer said that under the
treaty of 1889 between Great Britain
and the United States no citizen of
either country could be put on trial
for any other than the offense for
which he was extradited.

Lincoln was recaptured Saturday
after a sensational escape from the
custody of a U. S. marshal about a
month ago.

France has over 30,000 school teachers
fighting at the front.

**NO OPPOSITION
FROM A. A. IN
CLEVELAND**

(ASSOCIATED PRESS TELEGRAM)
Chicago, Feb. 22.—The new own-
er of the Cleveland American league
team are satisfied that they will
have no opposition this year in the
American Association, according to
J. C. Dunn, of Chicago, who is to be
president of the club.

"We think Cleveland is a great
ball town and without competition
ought to be a winner financially,"
said Dunn today.

"I do not know whether the Amer-
ican Association team is to be
transferred to Toledo or not, but I
made certain that it would not be in
Cleveland."

**LEACH CROSS IS
KNOCKED OUT IN
THE FIFTH ROUND**

(ASSOCIATED PRESS TELEGRAM)
Cincinnati, O., Feb. 22.—After
flooding Leach Cross three times in
the third round, Millburn Saylor of
Indianapolis landed the knockout
punch in the fifth round here last
night. The bout was scheduled to
go ten rounds.

Cross saved himself in the fourth
by hanging on.

**GENTLE RUBBING
HELPS VARICOSE VEINS**

Rubbing the swollen veins nightly for
about two minutes with a gentle up-
ward stroke brings benefit to sufferers
and is mighty good advice, says an
authority.

After the rubbing, which should
always be toward the heart, because
the blood in the veins flows that way,
apply Emerald Oil (full strength) with
brush or hand.

Try this simple home treatment for a
few days and improvement will be no-
ticed, then continue until veins are re-
duced to normal. It is very concen-
trated and penetrating and can be ob-
tained at any modern drug store. It is
so powerful that it also reduces Gout
and Wens.

Evans Drug Store has Emerald Oil
in the original bottle and will be glad
to supply it.

MR. AND MRS. JOHN MARION

—Photo By Mueller

Mr. John Marion and Miss Dominica Stis were recently married by Rev. Mr. Boda of Youngstown. The wedding was solemnized at the Roman Catholic church in German street, and a wedding dinner was served their friends following the wedding. They now live at 293 Beech street, the bridegroom being a packer at the American Bottle company. He has been in this country eight years, while his bride has resided here but two years.

were present, and wore the picturesque Japanese gowns. They told stories and sang the national Japanese hymn, and also depicted a regulation Japanese tea party. Kneeling for the refreshments, and exchanging the Japanese chatter. The meeting closed with the singing of the Star Spangled Banner.

Mrs. W. C. Collins will entertain with a dinner party at her home in Hudson avenue, Wednesday evening.

Sciatica's Piercing Pain
To kill the nerve pains of Sciatica you can always depend on Sloan's Liniment. It penetrates to the seat of pain and brings ease as soon as it is applied. A great comfort to those with Sloan's is that no rubbing is required. Sloan's Liniment is invaluable for stopping muscular or nerve pain of any kind. Try it at once if you suffer with Rheumatism, Lumbago, Sore Throat, etc. It is excellent for Neuralgia and Headache. 25c at all Druggists.

Interment in Green Lawn cemetery.

MOTORCYCLIST IS INJURED ON THE LINNVILLE PIKE

A Zanesville motorcyclist was probably seriously injured late this afternoon in an accident about six miles south of the city on the Linnville pike. A man who witnessed the accident ran into the home of Austin Orr and summoned Criss Bros' ambulance. Mrs. Orr said the man who came to her house was a stranger and that he and the injured man were from Zanesville.

In Argentina a father must leave his children four-fifths of his fortune and a husband, if he has no children, must leave all his property to his wife. An unmarried son is compelled to leave his parents two-thirds of his property, and only unmarried persons without parents or descendants can make will disposing of their possessions as they see fit.

Your Boys and Girls

Every little while something happens which is in the making of history such as coronations, inaugurations, great discoveries, the death of some famous man or woman, etc.

An excellent way to keep the children interested in current events is to provide them with a generous sized scrap book in which may be pasted newspaper and magazine clippings of happenings which were of sufficient importance.

To keep such a book will teach the children to think over what they read and to value it correctly. Having for proper reasons denied her child a pleasure, it is often advisable for the mother to arrange some enjoyable affair for the child, to soften its sense of loss. The unsolicited indulgence, will prove to the child the mother's desire for its happiness, and this will go far in establishing the bond of sympathy.

How To Eradicate All Superfluous Hair

Advice By a Skin Specialist
The best means I have ever found for removing all signs of disfiguring growths of hair on the face, neck, arms, or hands is a new preparation called Mrs. Osgood's Wonder. I have recommended it in thousands of cases and I know personally of its ability to banish every hair forever. It cannot injure the skin or complexion and is quite inexpensive.
You can get Mrs. Osgood's Wonder from T. J. Evans or any up-to-date druggist. Signed Money-Back Guarantee with every package. Do not apply this treatment except where total destruction of hair is desired.

CLAIM GIRL IS A VICTIM OF AN ASSAULT

ASSOCIATED PRESS TELEGRAM
Lisbon, Ohio, February 22.—Columbiana county authorities are trying to clear up the mystery surrounding the condition of Miss Elsie Bush, 18, whom physicians declare was the victim of poison and assault. The girl is said to be dying and William Penny, 20, a pottery worker, is being held awaiting the outcome of the girl's condition.

Miss Bush was accompanied home by a young man several nights ago and soon afterward staggered into her home and fell unconscious. Physicians have been unable to revive her. Penny was arrested last night when he came to the Bush home to inquire if Miss Bush was recovering. Police say he is the young man who took the girl home the evening she was poisoned.

It is the common idea that dry hair will curl better than that which is only. This is a mistake for straight hair shows an inclination to curl when the weather is damp. The dampness gives weight and body to the hair, and I believe, on the same principle, that if oil in small quantities is applied to the hair, it will curl.

Sweet almond or cocoanut oil, scented with a favorite perfume, will answer the purpose. Apply a very little bit with the palms of the hands three or four times a week.

In Milady's Boudoir

By Gwen Sears
Bandoline, made from quince seed is a favorite curling lotion used for generations and our grandmothers used nothing else when they were ringlets about the forehead or curls.

To make this lotion take a tablespoonful of quince seeds and pour over them a pint of soft water. Boil slowly until the quantity is reduced to three gills. Allow the liquid to cool, and then strain through a piece of coarse muslin. Add two teaspoons each of cologne and alcohol and the mixture is ready for use. Moisten the hair with the preparation before curling, using a small sponge to apply it.

There is one small objection to this fluid; when it becomes dry it assumes a powdery form suggestive of fine dandruff. But it is easily brushed from the hair and is absolutely harmless.

Another compound which acts as a curling fluid and imparts a luster to the hair as well, is made of the following ingredients. Gum arabic one and a half ounces, rosewater one gill. Dissolve the gum in the rosewater, strain through muslin and add a drop of aniline dye.

It is the common idea that dry hair will curl better than that which is only. This is a mistake for straight hair shows an inclination to curl when the weather is damp. The dampness gives weight and body to the hair, and I believe, on the same principle, that if oil in small quantities is applied to the hair, it will curl.

Sweet almond or cocoanut oil, scented with a favorite perfume, will answer the purpose. Apply a very little bit with the palms of the hands three or four times a week.

IVE

Numerous Newark People Testify to
Its Merits and Each One a Dif-
ferent Ailment.

At least 80 per cent of the people of Newark who have bought one bottle of Tanlac have bought from three to six bottles, and the troubles it has benefited are as numerous and varied as the number included in the list for which it is a beneficial agency. Those in Newark who have testified to Tanlac's virtue proclaim it excellent in rheumatism—in catarrh—in stomach, liver and kidney trouble—in the after effects of la-grippe and pneumonia and all of them swear by it as an up-building, invigorating nerve allaying tonic and blood purifier. Hon. D. N. Bay, former mayor of Granville says Tanlac is excellent in the after effects of la grippe and catarrh and Mr. P. Engles, proprietor of the Masonic Temple Shoe Shop says a stomach trouble preparation and tonic Tanlac has no equal. Mrs. Mary F. Warner, 39 1-2 South Second street says Tanlac relieved her of severe pains in sides and back and that Tanlac is a great nerve tonic. Mr. C. C. Mitchell, 62 Allen street says Tanlac gave him great relief in stom-ach trouble, loss of appetite and sleeplessness and Mr. J. K. Swick of the Buckeye Lake neighborhood says Tanlac has been decidedly beneficial to him in rheumatism. We could quote hundreds but this effectually covers the case—it proves our claim—it puts Tanlac in the front as a preparation for the ailments it al-ways helps. Tanlac is demon-strated at Hall's Drug Store and is for sale at Hebron by the Hebron Drug Co., at Pataskala by J. R. Strine, at Granville by W. P. Vil-man and at Utica by P. H. Richard-son.

IRON IS GREATEST OF ALL BUILDERS, SAYS DOCTOR

The Standard Remedy in Countless Homes

Relieves Constipation Easily Without Gripping or Discomfort.

Indigestion and constipation are two conditions that are closely related and the cause of much physical suffering.

The tendency to indulge one's appetite is more or less general and most people suffer at one time or another from rebellion of the overtaxed organs of digestion and elimination. A pleasantly effective remedy, that will quickly relieve the congestion of poisonous stomach waste and restore regularity, is the compound of simple laxative herbs sold in drug stores for fifty cents a bottle under the name of Dr. Caldwell's Syrup Pepsin. This is a mild, pleasant laxative tonic, free from opiates or narcotic drugs, and has been the standard household remedy in thousands of homes for many years.

Mrs. Oliver Young, Merrill, Wis., writing to Dr. Caldwell, says, she knows of nothing so effective for regulating the stomach and bowels; since taking Dr. Caldwell's Syrup Pepsin she feels ten years younger.

MRS. OLIVER YOUNG.

her work seems easier and she has regained her appetite. Get a bottle of Dr. Caldwell's Syrup Pepsin from your druggist and have it in the house. A trial bottle, free of charge, can be obtained by writing to Dr. W. B. Caldwell, 454 Washington St., Monticello, Ill.

ASSOCIATED CHARITIES

Campaign Bulletin No. 8. "Bear ye one another's burdens and so fulfil the law of Christ."

This commandment places the responsibility upon the strong of bearing the burdens of the weak, of those who are unable ALONE to bear their burdens. Charity, then, is right, and it is the duty of every person to do right and when we come close to people, we find that nearly everybody wants to do right, but that many need to be shown the right.

The "Law of Christ" is the law of Love, therefore it becomes right to practice charity and the duty of every one to love his neighbor who is unable to bear his burden alone and lest some should not understand, or lest they might forget his words, the Master commanded that each one should love his neighbor equally with himself. He then went beyond the self-love standard and made His own love for us the standard: "As I have loved you," became the new standard of love.

And who is MY neighbor. Again the Master has spoken. The first question is not "Why is my neighbor?" but "Who was neighbor to the man who fell among thieves?" "He that ministered unto him" was the answer. And then "Go thou and do likewise." The question for each one to settle first is this: "Am I A NEIGHBOR?" If I am not helping some one to bear a burden, I AM NOT A NEIGHBOR TO ANYONE MYSELF! First, I will prove myself a neighbor and then I shall find him to whom I MAY BECOME a neighbor and it will be someone whose burden I can help to bear.

Who Needs Our Help? In the Bulletin published Thursday, February 17th we pointed out six classes of people in this community who NEED OUR help. Please read that Bulletin again. You will find there listed widows, deserted families, aged and infirm, disabled and sick, the out-of-work, and the families of drinking men. We pointed out the community responsibility toward each of these classes. They belong to the Community family; the community is responsible for many of the conditions which

have helped to defeat them and make them dependent. Let us now relieve their immediate need and then GO AFTER THE ROBBERS. Let us make our road a safe one for all to travel, and our community such a beautiful place that all who live in our city will become free through truth and love.

There are seventy women at work in Newark this week, calling upon men and women to help the weaker ones bear their burdens. Reports indicate that many are willing to help, some with money, some with goods, some with service. Did YOU enroll your name as a NEIGHBOR to help the needy? Please do so.

All members of the campaign committee are expected at the report meeting in the Council Chamber, City Hall, tomorrow afternoon at 4 o'clock.

W. M. E. HOPKINS.

EVANGELIST SAYS CITY'S GREAT SIN IS INGRATITUDE

Many people were turned away at the West Side revival last night. Ingratitude and forgetting God was considered the greatest sin in Newark by Evangelist MacDonald. The sermon was in part as follows: There are five ways to measure sin. First, by its loathsomeness, such as the recent murder in town. Second, its far-reaching influence, such as sowing wild oats and the harvest lasting even till the third and fourth generation. Third, Can it be righted? If you move between two days and still owe a month's rent, you can right it by "paying up." But if you steal another's good name, or if a man steals a girl's purity it can never be restored. Only Jesus can forgive what can't be righted. Fourth, "Did the sinner know better?" Your conscience is a safe guide only when rightly trained. A man is held responsible for learning what is right when he has a chance. Fifth, we measure sin by the one who died for you—Christ. We think of sin as doing wrong. Jesus taught that sin is failing to do right. It isn't the thing you do but the thing you fail to do that breaks

the heart. When God has done so much in giving us life and health and material blessings and then sent Christ, His only Son to die to save us from sin and death and then we refuse His love and offered Salvation, refuse to love and serve Him, are we not ungrateful? When all we owe or ever will be that is good we owe to Him, how can we be honest and refuse the claims of Christ. Some people will soak in all the goodness and moral standing of a good home and community and never thank God for it, or serve Him. Some people can grab, grab, grab for self from God and while if they don't get their share and never even say thank you to God for His goodness.

MacDonaldism. Ingratitude is the real cause of Unbelief and the baser sins. If you want to know how much you owe to Christianity go live in Africa among the fighting tribes awhile. You would hike back to Newark before dark.

A hog or horse can lie down at night without saying thank you to God. So do some men.

You would not commit murder, but you would break the heart of your dearest friend.

You would not crucify Christ, but you would thrust a spear into His heart by refusing His love.

How can a man claim to be honest and not try to repay God for what He has done for him by a life of service.

What you fail to do crucifies Christ anew. Crown Him instead of crucifying Him.

Your boy deserves the best you can give him. Then be a Christian father.

If you are grateful for your blessings then act like it with your life of service.

God will hold you responsible for what you fail to do. He can forgive your sinful acts, but how can he ever forgive what you failed to do?

Notes. Subject tonight, "Slay Utterly" postponed from Saturday evening.

Two more added last night. Young Peoples' Social Hour Wednesday evening after services. All young people invited.

Read the ninth chapter of John today.

Good Reason.

In his book about his distinguished father the son of Louis Agassiz tells a story that relates to the life of the great scientist in America. A few years before his death he came into his house in Cambridge delighted with an occurrence he had just seen in Boston. A carriage pushing through the crowd had knocked down a woman. Her escort proceeded to pummel the driver. "But why," asked the listener, "didn't the owner come to his driver's assistance?" "Oh," exclaimed Agassiz, "I was holding him."

Their Fate. "What disposition is made of the children of the couple?" "They will spend six months with the servants of each parent."—Puck.

Any man may commit a mistake, but none but a fool will continue in it.—Cicero.

BEST FOR LIVER, BOWELS, STOMACH, HEADACHE, COLDS

THEY LIVE THE LIVER AND BOWELS AND STRAIGHTEN YOU RIGHT UP.

DON'T BE HILIOUS. CONSTIPATED, SICK WITH BREATH BAD AND STOMACH SOUR.

Tonight sure! Take Cascarets and enjoy the nicest, gentlest liver and bowel cleansing you ever experienced. Wake up with your head clear, stomach sweet, breath right and feeling fine. Get rid of sick headache, biliousness, constipation, furred tongue, sour stomach, bad colds, clear your skin, brighten your eyes, quicken your step and feel like doing a full day's work. Cascarets are better than salts, pills or calomel because they don't shock the liver or gripe the bowels or cause inconvenience all the next day.

Mothers should give cross, sick, bilious, feverish children a whole Cascaret anytime as they can not injure the thirty feet of tender bowels.

Many People Don't Know. A sluggish liver can cause a person an awful lot of misery. Spells of dizziness, headaches, constipation and biliousness are sure signs that your liver needs help. Take Dr. King's New Life Pills and see how they help tone up the whole system. Fine for the stomach too. Aids digestion. Purifies the blood and clears the complexion. Only 25c at your Druggist.

BISHOP PRAISES WORK OF Y. M. C. A. AS CHURCH'S AID

Bishop William F. McDowell said: "The Young Men's Christian Association is an institution of which the church is very fond," in his address at the dedication of the new Y. M. C. A. College in Chicago in December. The Association's great task now, as always, is the introducing of men to Christ," said he, and the primary purpose of all Association activity is to aid in the accomplishments of this task.

Dr. John R. Mott on the same occasion said: "The Young Men's Christian Association in its leadership needs thinkers, men of intellectual grasp, who have mastered the principles of Christian work and are able to cope with the social, racial and intellectual problems pressing upon the Association today. In addition to this they must be men of heart power. We are facing difficult questions and meet strong opposition and the man who succeeds is the one who keeps at his task with unwavering perseverance."

In order that a much larger number of capable young men may have just such a training as is most needed for the future leadership of the Association movement, the Chicago Y. M. C. A. College under the very capable leadership of President Frank H. Burt, has erected and in December dedicated a new \$300,000 equipment for exactly such service.

Clear, Peachy Skin Awaits Anyone Who Drinks Hot Water

Says an inside bath, before breakfast helps us look and feel clean, sweet, fresh.

Sparkling and vivacious—merry, bright, alert—a good, clear skin and a natural, rosy, healthy complexion are assured only by pure blood. It only every man and woman could be induced to adopt the morning inside bath, what a gratifying change would take place. Instead of thousands sickly, anaemic-looking men, women and girls, with pasty or muddy complexions; instead of the multitudes of "nerve wrecks," "rundowns," "brain fags" and pessimists we should see a virile, optimistic throng of rosy-cheeked people everywhere.

An inside bath is had by drinking each morning, before breakfast, a glass of real hot water with a teaspoonful of limestone phosphate in it to wash from the stomach, liver, kidneys and ten yards of bowels the previous day's indigestible waste, sour fermentations and poisons, thus cleansing, sweetening and freshening the entire alimentary canal before putting more food into the stomach.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Those subject to sick headache, biliousness, nasty breath, rheumatism, colds; and particularly those who have a pallid, sallow complexion and who are constipated very often, are urged to obtain a quarter pound of limestone phosphate at the drug store which will cost but a trifle, but is sufficient to demonstrate the quick and remarkable change in both health and appearance awaiting those who practice internal sanitation. We must remember that inside cleanliness is more important than outside, because the skin does not absorb impurities to contaminate the blood while the pores in the thirty feet of bowels do.

Instantly Served Everlastingly Good

Nowadays, in many homes where health is valued, the table beverage is

INSTANT POSTUM

Not alone because it is served so quickly, but more because it is a pleasant, healthful beverage. Made of wheat roasted with a bit of wholesome molasses, Instant Postum is entirely free from the subtle, cumulative drug, caffeine, in tea and coffee—free from any harmful substance.

More and more, people are finding out by personal experience that coffee is the frequent, though often unsuspected cause of nervousness, biliousness, heart flutter, insomnia and various other ills and discomforts. The alternative when coffee doesn't agree is POSTUM.

Old Cincinnati Newspaper.
 Ex-Councilman Phil Baker of Seventh street has in his possession a Cincinnati Daily Commercial of the date of Monday, December 22,

1883, which was purchased by his father shortly after his arrival in this country, and from which he studied the English language. The paper is four pages of eight columns each and twenty-seven inches in length. It contains all the latest war news, a number of advertisements, including a dozen and a half Ohio river steamboat lines, much local news and the time tables of the railroads in and out of Cincinnati, the B. & O. having two trains to arrive daily and two to depart. A full list of all Ohio and Indiana wounded Union soldiers in Perryville is also given.

Telephone Company's Election.
 At the annual meeting of the Newark Telephone company last night the following named officers and directors were re-elected: R. W. Smith president, E. T. Rugg vice president, C. H. Spencer secretary, W. S. Weiland treasurer, Geo. B. Sprague, Harry Swisher and Judge Robbins Hunter.

Thermometer Around Sixty.
 A year ago yesterday a deep snow which had been on the ground for several weeks, melted away and spring weather prevailed after that. Today the thermometer is hovering around forty-five and it also is a reminder of the spring days soon to follow. However, according to the groundhog theory we should have three more weeks of winter.

Skunk Hunter Fined.
 Game Warden Ernest Penrose of Mt. Vernon was in Appleton, Saturday, where he arrested Don Longwell on a charge of destroying the den of a skunk. Longwell was arraigned before Mayor Carlisle of Utica. He pleaded guilty, and was fined \$10 and costs.

Runaway at Utica.
 A team of horses driven by Al Rogers of Mt. Vernon ran away at Utica, Monday. Rogers was thrown to the ground on his face, which was severely bruised and lacerated, his nose probably being broken. His right side was also severely injured. Seriously ill.

Washington Entertainment.
 There will be a children's entertainment this evening at 7:30 at the home of Mrs. J. G. Watkins, 74 South Second street, by the children of the Salvation Army Sunday school. The children will stage a George Washington social entertainment embodying singing, dialogues, recitals and tableaux.

Is Convoluted.
 Clarence "Buster" Bowman, who has been confined to his home in West Main street with a sprained ankle for the past week, is fast convalescing and able to move around without the use of crutches. He expects to resume his position with the Sigler taxi-cab line in a week or so. Leaves for Florida.

Samuel Imhoff, Jr., left for St. Augustine, Fla., today where he will join Mrs. Imhoff, who has been spending the winter there. Mr. Imhoff expects to take a trip along the Florida coast and will also try his hand at deep sea fishing. He also will arrange to ship home a few alligators for several of his intimate acquaintances. Mr. and Mrs. Imhoff will return from the southland in the course of a couple of weeks. Unclaimed letters.

Two letters addressed to "M" care Advocate and seven communications addressed "Farm" care this newspaper are here for "M" and "Farm." Observing Holiday.

The legal holiday, Washington's Birthday is being observed at the postoffice. But one delivery was made today, and the money order and parcel window was closed during the entire day. The general delivery window was open until 10 o'clock.

Goes To Columbus.
 Miss Mary Hagen, who for the past eight years, has been employed in the office of Dr. C. F. Legge, has resigned her position and left today to make her home in Columbus. It is with the greatest regret that her many friends see her leave the city.

Birth Announcement.
 Born to Mr. and Mrs. Frank Penick, 365 Tenth street, a nine pound daughter, Kathleen Marie. The two grandparents are treating their gentlemen friends to cigars today.

Observed Birthday.
 A great many of Newark's business houses were closed today in observance of Washington's birthday. The banks, the county and city offices, a number of stores, the schools and the postoffice declared a holiday for their employees and pupils. There was only one mail delivery today.

livery today, that being early in the morning, throughout the city various clubs and societies will observe the anniversary tonight with parties and social entertainments. Many business houses were decorated with flags and bunting for the occasion.

Takes New Position.
 Miss Nan Dwyer, who has been stenographer at the Scheidler Machine works has taken a position with the Singer Sewing Machine office in the Arcade.

Mas New "French" rooms.
 Miss Cora Crouse who has a millinery shop in North Fourth street has added to the appearance of the shop by adding two French rooms where exclusive millinery will be shown. The little rooms are fitted with individual hat cases and are finished in white.

Foot Injured.
 Mr. G. K. Rosamond, of East Main street, an employee of the B. & O. railroad company had his foot injured while at work on Friday and on Saturday his son, Robert, aged 5 years underwent an operation at the City Hospital. The attending physicians were Drs. Kennedy, Harbottle and Hatch. The child is improving nicely.

In Police Court.
 A fine of \$25 and costs and a suspended sentence to the work house was passed on a woman arrested last night on a charge of being drunk and being an inmate of a resort. She agreed to leave the city if the execution of the sentence was suspended. One drunk drew \$5 and costs.

KIDS DELIGHTED WITH NEW FEATURE AT MAZDA THEATRE

The Mazda theatre's new feature, a Saturday morning matinee especially for children, was given a great ovation this morning when the film plays "Goldilocks and the Three Bears" and "The Little Shepherd" feature films for children were displayed to hundreds of children. The place was thronged from 9 to 12 o'clock the hours set aside for the special showing for the youngsters. These films in no way interfere with the regular program at the theatre which starts every afternoon at 1:30 o'clock.

The first film, the "Three Bears" is a film version of the well known nursery story in which Goldilocks, lost in the woods, finds the bears home, eats "Little Bear's porridge, breaks his chair and sleeps in his bed where she is found when the Bear family returns. There is enough comedy in the picture simply portrayed for the benefit of the little ones, to delight children of all ages. The shouts of laughter and screams of delight were ample evidence that Manager Chapman has struck a popular chord. The other picture is one with a moral, picturing the incidents of the life of a little boy who is watching the flocks of his father. He finds a valuable jewel lost by the king who attempts to reward the lad for his honesty. The story is developed clearly and the photography is good.

WILL NOT ATTEMPT TO OBTAIN RELEASE OF COLLEGE STUDENT.

(Associated Press Telegram)
 Chicago, Feb. 22.—Counsel for Will H. Orpet, the college student held on a charge of murdering his former sweetheart Marian Frances Lambert, a Lake Forest high school girl, decided today not to attempt to obtain his release on bonds until after the preliminary examination set for next Monday.

Orpet was ordered held to the grand jury by the coroner's jury at the inquest into the death of the girl.

The verdict of the jury was that Miss Lambert came to her death by cyanide of potassium poisoning.

Chemical analysis of poison found at the Orpet home showed it to be cyanide of potassium.

FRANCIS WILL ACCEPT POST

(Associated Press Telegram)
 Washington, Feb. 22.—David R. Francis, former governor of Missouri, who has been offered the post of ambassador to Russia, conferred today with President Wilson and Secretary Lansing. It is understood that he will accept the place, although he said when leaving the White House that he still had it under consideration.

HOW TO GET RID OF CHRONIC DANDRUFF

The only sure way to get permanently rid of dandruff is to remove the conditions that cause it and then keep the hair and scalp, in a clean, healthy, vigorous state so dandruff will never return. This beats shampoo, which merely remove the dandruff for a few days at most. Dr. A. Erman is now strongly recommending Parisian Sage, a harmless, inexpensive and quick acting preparation, that is guaranteed to act directly on the cause of dandruff and entirely remove it or the purchase price will be cheerfully refunded.

Here is a test no one should fail to try. Get from your druggist a package of Parisian Sage. Rub a little of it into the scalp with the finger tips and see for yourself how the dandruff disappears, the hair stops falling out and all itching immediately ceases. Nothing hurts the hair more than dandruff, so why not begin using Parisian Sage today and be forever rid of it?

MANY EVENTS PLANNED BY LOCAL ELKS

A regular meeting of the Elk lodge will be held this evening at which time several very important matters will be brought before the members. The annual election of officers will be held March 7 and the monthly dance on Tuesday evening, Feb. 29 instead of March 2 as advertised. Charter Members' Night will be fittingly celebrated on March 22.

On Tuesday, March 21, a class of fifteen will be initiated. An Inning will be held early in March and the committee promises to give a real luncheon.

Exalted Ruler James R. Cooper has had a very successful year and wishes to close his administration with the best of fellowship prevailing and so will arrange events to please every one. Keep your dates open for the Elk doings and remember that barrels of fun are to be uncorked on all special occasions. If you can vocalize or produce harmony hand your name to the exalted ruler as it is the intention to organize a glee club.

Be Sure You Get 'G-E-T-S-IT' for Your Corns

Don't Let Any One Deceive You By Handing You Something Else For Corns.

There are imitations of "Gets-It" the world's greatest corn-cure, that are trying to "cash in" on "Gets-It" success by using names that sound like "Gets-It." Notice how it's spelled, "G-E-T-S-I-T."

"You Wouldn't Lose Your Temper, John, If You Used 'Gets-It' For Those Corns!"

"Why, John, I never knew you to use such language! I've told you several times it's no use to try those bandages, salves, tapes, plasters, and contraptions for corns there's one 'Gets-It' it's just wonderful how easy, 'clear and clean' it makes any corn come right off. Takes but a few seconds to apply. It dries at once. Put your sock on right over it, there's nothing to stick or roll up, form a bundle of your toe, or press on the corn. It's painless, simple as rolling off a log. Now put away those knives, razors and scissors, use 'Gets-It' and you'll have a sweeter disposition and no more corns and calluses."

It's an insult to your intelligence for any one to hand you an imitation. Accept no substitutes; get "Gets-It." "Gets-It" is sold by druggists everywhere, 25c a bottle, or sent direct by E. Lawrence & Co., Chicago, Ill. Sold in Newark and recommended as the world's best corn remedy by T. J. Evans and W. A. Erman.

Spring Suits Are Selling

They will be worn with greatest pleasure now, when you will be among the first to wear the new styles. A wonderful display and many individual styles await your choice, embracing all the new features of the coming Spring fashions.

Tailored and fancy suits in cloth in plain colors and black and white checks. Beautiful suits in silk, some all silk while others are a combination of silk and cloth. So many new points of interest are noticeable—the jacket lengths—the new sleeve effects—collar trimmings, etc.

The New Coats Are Attractive

The new styles in coats are of two general types—the belted model cut with more fullness than heretofore, and the ripple effect hanging loose from the shoulders. The materials shown are both cloth and silk, and in addition to the staple colors are beautiful novelties in colors. Fancy stripes and plaids as well as plain white in chin-chillas are shown in many striking models. Golfines in plain colors such as yellow, pink, etc.

Charming Styles in New Silk Dresses

Dresses for service and more dressy occasions will be found among the new and dainty spring colorings. Many of these models are made of silk in plain colors, stripes or plaids, while others are a combination of Georgette Crepe and fine nets.

Come in and let us show you these splendid spring suggestions.

CITY COUNCIL AND GAS PRICE

Editor of the Advocate:—The responsibility which rests on the City Council of fixing the price of natural gas for the next seven years of the life of the franchise of the Newark Natural Gas & Fuel Company, is so great that I should think the councilmen would want the cordial advice and co-operation of the public as to what rate ought to be, if for no other reason than that the public has to pay the bill, and the members of the Council ought to be free from any interference, from any dictation, open, or secretly, which comes from the Gas Company. We think the Council should invite the public to attend the meetings when this matter is to be discussed; it has been hinted that pressure is being brought to bear on certain councilmen who are assumed to owe their positions to political agencies not to interfere with the program of having a rate fixed which is satisfactory to the Company, and which is to be fixed without any reference to the rights or interests of the public.

If such things are at work in this city, that is if political agencies are lending themselves to the interests of the Gas Company, rather than to the interests of the people, the sooner we have a commission plan of government in the city, and loosen the grip of political parties upon the city's affairs, the better it will be for the citizens generally.

VOX POPULI

CRITICISM

(Continued from Page 2.) colonies to a successful issue and afterward have welded together the different states into an indissoluble union. The arduous position that he had to fill and the sufferings of the soldiers incident to the long war frequently led to discontent and murmurs against the commander-in-chief.

"Scarcely had he been chosen to the position of Chief executive of the United States when factional dissension blazed forth in his cabinet. The leaders in the controversy were Alexander Hamilton, secretary of the treasury, and Thomas Jefferson, secretary of state. The controversy soon got into the newspapers of the day. Hamilton was frank and outspoken in his position. Not so much can be said of Jefferson. He employed a translating clerk in his department, a newspaperman by the name of Freneau, who at once began to lambast Hamilton through the columns of his paper. The fight soon waxed so warm that this editor occasionally fired hot shots at Washington himself, much to the discomfiture of the Father of His Country. In the meantime Hamilton through other papers was maintaining his side of the controversy and Washington had the very unpleasant duty to perform of smoothing out the differ-

ences between these two irreconcilables and holding his cabinet together in the face of serious dangers that threatened the nation from abroad."

LODGE'S TRIBUTE GIVEN IN ADDRESS AT MORRISTOWN, N. Y.

(ASSOCIATED PRESS TELEGRAM)
Morristown, N. J., Feb. 22.—United States Senator Henry Cabot Lodge of Massachusetts in a speech delivered here today before the Washington association paid tribute to the popular government which Washington founded and which he asserted, has been lost.

Senator Lodge said that when the opinions of Washington and Lincoln, on government by the people were quoted "we were told that Lincoln lived fifty years ago, and Washington in a period of great antiquity, and although they were undoubtedly remarkable men in their day, they could hardly be compared with the master minds engaged in undoing their work and moreover, that everything had altered since they flourished."

"I have said frequently and I will venture to say against that while I am far from thinking that all the wisdom died with our forefathers, I am perfectly certain that all the wisdom was not born yesterday."

He issued a warning to the "peace at any price advocates" and said "the men of Washington's day, who were for peace at any price frankly because they were afraid and cared more for money than ought else, are forgotten but the name of Washington is enshrined and revered by all nations."

CHICAGO CELEBRATES LESSONS GIVEN IN PRACTICAL PATRIOTISM.

(ASSOCIATED PRESS TELEGRAM)
Chicago, Feb. 22.—A feature of the celebration of Washington's birthday in Chicago, today, was an object lesson in practical patriotism given by forty "veterans" of the training camp at Fort Sheridan last fall, who marched through the downtown section to the coliseum where the principal meeting of the day was held by the national security league.

United States Senator James W. Wadsworth, Jr., of New York, is to be the principal speaker tonight at the Patriotic exercises under the auspices of the Union League club.

PATRIOTIC EXERCISES IN PITTSBURGH SCHOOLS.
Pittsburgh, Feb. 22.—Washington's birthday was observed throughout the city today. Banks were closed and patriotic exercises were held in the public schools. One of the features of the celebration was the awarding of diplomas to 48 students of the evening school classes in citizenship. All were men of mature years and represented 12 nationalities.

A rotary stump cutter has been devised for the purpose of clearing woodland, and the work is done much quicker and more effectively than heretofore done by dynamite and fire.

NEW GAS RATE

(Continued from Page 1.) with the police department, was read the second time. Mr. Beadle moved the suspension of rules and the placing of the ordinance on its third reading for final passage. When the vote was taken Messrs. Adams, Alexander, Curry, Keyes and Knauber voted against the suspension of rules, while Messrs. Beadle, Seward, Shirer and Stasel voted for the suspension. The motion was lost.

The ordinance by the safety committee fixing the number and salaries of policemen was read the second time.

Mr. Adams' resolution delaying any action on the gas rate ordinance, pending additional investigation by attorneys for the city, was adopted. Mr. Shirer offered a resolution

urging the B. & O. and Pennsylvania railroad companies to hurry the signing of the subway contract, was adopted.

Mr. Knauber's resolution to construct a sewer in Harrison street, was given its first reading. Mr. Knauber's Franklin avenue sewer resolution was given one reading.

Mr. Keyes' resolution awarding the \$33,300 worth of bonds be awarded to Sidney Spitzer & Co., of Toledo, was adopted on suspension of rules.

Mr. Knauber's resolution to construct a sewer in Prospect street, was given one reading. The gainor avenue and Poplar avenue sewers resolution was also given one reading.

Under the head of miscellaneous business, Safety Director Bigbee told council that he had investigated the matter of the automobile pur-

chased last December by former Director Dayton. A letter received from the Curtin Williams company suggested that the city get advice of its attorney regarding the purchase of the machine. Safety Director Bigbee told council he would not recommend payment of the \$275 charged for the machine. The safety committee in a former report, said the machine was not worth \$200. It is a 1909 model. City Solicitor Norrell promises a written opinion when the matter was placed before him.
